

## PARENTS FORUM

A virtual event for parents to help them re-imagine work, love and leadership

Begins... **October 16, 11a-2p ET**

Continues... **October 23, 11a-2p ET**

It's challenging to be a good employee and good parent when school and work are both remote, happening simultaneously, and there is little to no support to balance it all. Let us help you find a more sustainable answer during the Covid-19 pandemic and beyond - by thinking in new ways both about work and home. Join us for this special \*VIRTUAL\* event for parents. We'll help you get smarter about your work and life goals now, and for the long run.
